

University College Dublin
Ireland's Global University

UCD OPEN DAY
Saturday 7th November 2015 10am-4pm

University College Dublin

Established in 1854, with 160 years of teaching and research excellence, UCD is ranked in the top 1% of higher education institutions worldwide.

The UCD Open Day takes place on the Belfield Campus located 4km south of Dublin city centre.

The modern parkland campus contains over 8km of woodland walkways, 5 student villages and world-class teaching and student facilities including a state-of-the-art Student Centre.

Welcome to UCD.

As you consider your future, we hope that this open day will give you an insight into the range of opportunities that await you here.

Meet with university faculty, staff and students in the Central Exhibition area in O'Reilly Hall. We have over 100 programme and subject-specific talks taking place in 6 locations on campus: UCD Newman, the Lochlann Quinn School of Business, the O'Brien Centre for Science, the Health Sciences Centre, the Global Lounge, and Sutherland School of Law.

We invite you to find out as much as you can about the subjects that may interest you and learn as much as you can about the world of UCD: the societies and sports, the facilities and campus. Don't hesitate to ask us any questions and we hope you enjoy your day!
